Welcome to Beauty by Takara Belmont

The Beauty of Innovation

As a world-leader in hairdressing, barbering and dental equipment, all our expertise is now embodied in a brand new collection designed exclusively for the beauty sector.

For more than a Century, Takara Belmont has led innovation in the global salon and dental industries to create some of the most advanced and iconic equipment. As a result, our products have transformed treatment experiences for clients and patients, redefined ergonomics for professional stylists and dentists, and contributed towards the success of beauty, hairdressing and dental businesses worldwide.

For Takara Belmont, our transition into beauty is a seamless continuation of our journey into wellness. As services and treatments in the salon and healthcare industries become increasingly aligned to beauty and wellness, many of our products already have beauty values at their core. Long before salons began specialising in wellness experiences - such as Japanese Head Spas, nail care and other beauty treatments and rituals - and before dentists expanded into cosmetic dentistry and skincare - our pioneering equipment was a catalyst for change. With leading-edge motorised base technology, full lie-flat treatment beds, multi-purpose hair and beauty equipment, and features that enable salons and dentists to expand their service menu and introduce beauty-led services, our experience, expertise and global presence serves as a natural segue into beauty.

Discover Beauty by Takara Belmont - an inspiring collection that inherits our world-class reputation for innovation, superior quality, reliability and longevity - crafted exclusively for beauty.

Esthe Place

As our premium aesthetic motorised chair-bed, Esthe Place is crafted to exceptional levels of quality and distinction. Exceed the expectations of clients who deserve no less than perfection.

Features

- Height-adjustable headrest
- Height-adjustable armrests
- Shockless movement
- Footrest (excl. foot bath)
- Pre-set foot switch controls
- Heated legrest, seat and backrest

Functions

Fully motorised height-adjustable backrest and legrest operated via an intelligent foot controller

The bed position is effortlessly adjusted to accommodate your full menu. This allows a wide range of advanced treatments to be served seamlessly on one versatile treatment bed.

Achieve ideal working positions easily with fully height adjustable armrests and multi-positional headrests

Treatments can be served with the client seated, with legs raised or partially reclined

Immerse your clients in pure luxury. Esthe Place reclines effortlessly into a full lie-flat position to envelop clients in sumptuous comfort and transform every treatment into a haven for wellness.

Dimensions

Chair Position: W730 x D1150 x H1240-1460mm

Bed Position: W730 x D2000 x H550-770mm

Evri-1 N

A premium treatment bed crafted to meet the demands of every aesthetic treatment with effortless sophistication and precision.

Features

Foldable headrest
Adjustable backrest
Thick padded cushioning
Comfortable face hole

Functions

Fully motorised height adjustable
bed and reclining backrest

Effortless relaxation for your clients, intuitive control for your therapists. Smooth motorised height adjustment and a flexible backrest enhance comfort and precision to alleviate neck and back strain - for beautifully refined treatment experiences.

Achieve ideal working positions easily with a fully adjustable reclining backrest and cushion

Multi-functional treatments can be performed at heights to suit

Enhance every moment as you recline your client in personalised comfort. The adjustable backrest and folding headrest gently conform to the body's natural contours, as silent motorised movements ensure the mood is never broken - leaving clients free to drift away in pure, unhurried bliss.

Dimensions

Bed Position: W800 x D2000 x H575-785mm

Authentic Bed

Discover a thoughtfully considered treatment bed of uncompromising quality, precision engineered to deliver exceptional functionality.

Features

Easy position settings
Facial / body care positions
Comfortable face hole

Functions

Fully motorised height adjustable
treatment bed
Manually adjusted reclining backrest

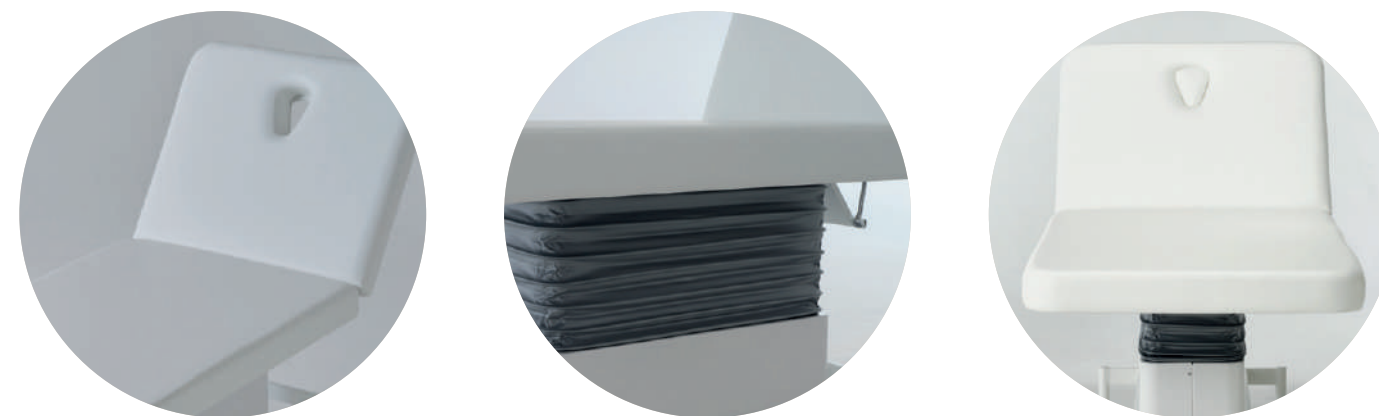

*Perfectly balanced for every treatment and client -
this intuitive height adjustable bed ensures
effortless comfort and perfect posture to elevate
facial and body care experiences, while
allowing therapists to work with
precision and ease.*

An aesthetically pleasing design achieves the perfect working position

A fully height adjustable and angled backrest adapts effortlessly to a wide range of treatment positions

Create truly restorative, rejuvenating facial and body care experiences from the moment your client lies down - Authentic Bed is perfectly balanced with an ergonomic face cradle that ensures superior comfort and support, as they become immersed in treasured moments of calm and relaxation.

Dimensions

Bed Position: W800 x D2000 x H600-815mm

Beauty by Takara Belmont

Cil

Crafted with clients and technicians in mind, this refined nail chair invites clients to experience exceptional comfort. Carefully considered and functionally versatile, the Cil accommodates and enhances a wide range of beauty services.

Features

White seat
Foot wagon
Exclusive table (optional)
right, left, or both sides

Functions

Versatile for hand, foot, and facial care
Modular tables
Foot wagon with cushion

With comfort, intelligent functionality and versatility at its heart, the Cil effortlessly refines a wide range of treatments for clients, nail technicians and beauty therapists. Serve your client and stow the foot wagon away after use to free up valuable floor space and keep the salon looking sleek and uncluttered.

A beautifully versatile chair that effortlessly transitions between facials, pedicures and a range of other treatments with an optional service table to keep everything you need elegantly within reach.

With an accompanying trolley, manicure and pedicure services can be served simultaneously whilst the client reclines in effortless comfort.

Dimensions

Chair Position: W740 x D840 x H1170mm
Reclined Chair Position (minus foot wagon):
W740 x D1220 x H760mm

When not in use, the foot wagon stows away discreetly beneath the chair to maintain a clean, uncluttered aesthetic while making the most of every inch of floor space.

Cherie Nail Table

A premium nail table that complements a variety of salon settings.

Features

Compact design
Functional nail-care setup

Spec

Natural Brown tabletop
White frame

With a compact and visually appealing design, Cherie is simple, convenient and functionally precise - for the perfect nail care setup

Efficient and practical, store products and tools on Cherie's integral shelf to leave your workspace uncluttered, so you can focus on indulging your clients in conversation and exceptional nail care.

Dimensions

Fixed Table: W900 x D450 x H760mm
Natural Brown worktop available as UK Spec only

Riche

Enhance eyelash and facial treatments with this customised chair - expertly designed and crafted for exceptional comfort, superior functionality and ergonomic support.

Features

Webbing hammock comfort
Contoured pillow
Independent legrest
Upright & recline versatility
Compact workstation layout

Options

Lumbar cushion

Riche inherits our decades of expertise in medical seating - including ophthalmology chairs. Refined, sophisticated and eminently poised, Riche delivers unrivalled safety and comfort, and ease-of-use for clients and technicians.

Beauty by Takara Belmont

The optimised viewing angle minimises eye movement. This reduces fatigue and allows technicians to work in greater comfort, and with speed and precision.

Engineered for precision, designed for comfort - the Riche creates the perfect environment for both client and technician, reducing fatigue and elevating every treatment into a luxurious experience.

With a nail table spanning both armrests, clients can indulge in nail care whilst reclining comfortably - allowing facial and nail treatments to be enjoyed simultaneously in effortless luxury.

Dimensions

Chair Position: W695 x D850 - 1700 x H1265mm

Trolleys

The perfect companion to any treatment chair, our collection of beauty trolleys combines elegant design with practical functionality.

Riche Trolley

Rotating, height-adjustable assist trays keep everything precisely where you need it to streamline your workflow and enhance efficiency.

MN01

A sleek and hygienic three-tier stainless steel trolley with practical, open storage that's stylish and functional.

D-Galley with Drawer

This versatile trolley features an ingenious retractable shelf to store brushes and utility bowls to keep your workstation neat and organised.

MN03

An elegant three-tier stainless steel trolley with a secure anti-drop frame top that combines hygiene and practical functionality.

Stools

Essential for ergonomic comfort and support, our stools achieve the optimum working posture to minimise fatigue and strain.

Riche Stool

Ergonomically designed with back support, this stool keeps technicians comfortable and focused, even during the longest treatment sessions.

Pedi Stool

Perfectly proportioned for pedicure work, this low stool positions technicians at the ideal height for effortless comfort and precision.

Duo Stool

A sloping seat reduces lower back strain, supports a natural working posture, and provides stability to minimise fatigue.

High quality products allowing technicians to deliver treatments efficiently, safely and comfortably.
